PUT A SAFE ICING ON YOUR CAKE - Page 18

THE cropage of farmers is unbelievable. They pollute the water, the food-stuff, the atmosphere and now chickens. Because they see too necessary to food production, history bend with anything either. They've ground up, bodies, of slaughtered birds they have created a salmonella crisis.

They were kept the all to all the experience and Edwina Currie had a few hours to go.

When they cannot run a business properly they should go to the wall like any other business.

REVENGE

When they cannot run a business properly they should go to the wall like any other business.

SNOP

I happen egg production being used egg down to the a duck. They would find the salmonella would strip them up.

I don't know what will happen with it. It's a new strain and it's out of the box.
